City Library Receives Reading Circle Books

The eight books selected for the 1932-33 Ohio Teachers' Reading Circle have been received at City library the librarian Miss Helen Kramer announced today.

The year 1932-33 marks the fiftieth anniversary of the organization of the circle which has offered courses of reading in each consecutive year since 1883.

The books are of special interest to Marion teachers but may be read by any library borrower. Teachers receive a specified number of units for reading the books on the list compiled by the board of control of the state reading circle group.

To secure a teachers' reading circle diploma teachers are required to read three books for four successive years. After the diploma is awarded seals are given for each additional year of reading.

The books selected are "Frontiers of Yesterday and of Today" by Archer Butler Smith; "The English Bible as Literature" by Charles Allen Dinwiddie; "A Fortune to Share" by Vash Young; "Activities Curriculum in the Primary Grades" by Mary G. Kelly; "Conduct Problems in the Primary Grades" by Mary G. Kelly; "The Art of Learning by Walter B. Pitkin and 'Youth in Conflict' by Miriam Van Waters.

Brief descriptions of the subject matter of the books follow from them: a wealth of detailed human interest stories describing the

COUNTY ROAD WORK ENDED

Maintenance Program for Year Completed, 80 Miles Are Resurfaced.

Marion county's road program for 1932 was completed Saturday. County Surveyor Cecil R. Leavens announced today.

In the last two months 39 roads in the county with a total length of 80 miles have been surface treated. Part of the work was done by county employes and part by contractors. The amount paid to contractors was \$14,536.57.

Bridge construction work is nearing an end. Two bridges in Bowling Green and Richland townships have been completed by George Day contractor.

Concrete has been poured for a bridge on the township line road between Marion and Grand Prairie

townships and Hagans-Paljohn Denville contractors, are starting work on the bridge on the Pleasantberger road in Richland township. The bridge on the Lykens road closed for the last 30 days for reconstruction work by the county will be opened to light traffic Wednesday. Seven more days will be needed before the bridge can be opened to all traffic.

and you can't Beat em Today

THIS picture will bring back memories to a lot of people of the days when the boys went marching away with flags flying and bands playing.

Chesterfields were very popular with those men who went overseas. They were "rookies" then. They're "old vets" today. And that milder, satisfying Chesterfield flavor is still their steady choice... after fifteen years!

It was mildness that first attracted smokers to Chesterfield. And it's mildness and better taste that is winning new friends for Chesterfield today... all over the country.

Next time you're short of cigarettes, ask for Chesterfield. They satisfied in '17, and you can't beat 'em today.

O. N. U. TO OPEN COURSE HERE

Ada School Will Conduct Classes for High School Graduates, Teachers.

City and county teachers and high school graduates of Marion will be eligible to enroll in the Ohio Northern University extension courses which will be conducted at Harding High school, beginning Wednesday night.

The courses offered the high school graduates will be in freshman college English or freshman college psychology.

Dr. Anthony Ray Palmer of the university faculty will conduct the courses and will meet all those interested at the high school from 4 to 5 p. m. Wednesday.

Dr. Palmer received his Ph. D. degree from the University of Pittsburgh and taught for four years in the extension department of the university. He has had post graduate work in both Columbia

university and the University of Chicago. He has had a broad experience in handling both educational and psychological problems in schools and in state hospitals, where he has done work of an observational and experimental nature. His first educational book, "Progressive Practices in Directing Learning," published in 1929 by the Macmillan Co., was chosen by the National Educational association library committee as one of the 50 best books of 1929. "Teaching Through Creative Experiences," a second educational book, is ready for the press.

High school graduates will earn 12 semester hours college credit. All courses offered will carry three semester hours, and the fee will be payable monthly.

PRIMARY CAMPAIGNS APPROACHING CLOSE

Balloting Today and Tuesday To End Most Intra-Party Contests.

By The Associated Press. Primary campaigns close today in New York, Massachusetts and Wisconsin, and tomorrow's balloting will end most of the state intra-party contests for congressional and gubernatorial nominations.

In several districts of both the two eastern states prohibition flags will measure the strength of the LaFollette and anti-LaFollette wings of the Republican party there.

With these three contests over only the Democratic and Republican conventions in New York, party conclaves in Rhode Island and New Mexico, and a few run-off primaries remain before all candidates square off for the November election. They will be disposed of by the middle of October.

In Wisconsin, the LaFollette and Senator Blaine have waged a fight against former Gov. Walter J. Kohler on taxation and other economic issues.

In New York, the Democratic convention is to decide whether Senator Robert F. Wagner shall be re-nominated.

Leah, Gov. Herbert H. Lehman, is strongly supported by Roosevelt friends for the gubernatorial nomination.

William H. Donovan, former assistant attorney general and F. Trumbull Davidson, assistant secretary of war for aeronautics, are the outstanding contenders for the Republican gubernatorial nomination in New York.

MRS. TRAUTWEIN, 73, CLAIMED BY DEATH

Funeral Services To Be Held Wednesday at Upper Sandusky.

UPPER SANDUSKY, Sept. 13.—Mrs. Henrietta Trautwein, 73, died Sunday at 8 a. m. at the home of her daughter, Mrs. Charles Hoyles west of Marion of heart trouble. She had been in failing health for several years.

Funeral services will be held Wednesday at 2:30 p. m. at the home of a daughter, Mrs. W. E. Martin on South Eighth street in Upper Sandusky. Rev. E. M. Potts, pastor of the English Lutheran church will officiate, and interment will be made in Oak Hill cemetery.

Mrs. Trautwein was born March 12, 1863, in Millin township, Wyandot county. Her maiden name was Henrietta Young. Her marriage to John Trautwein took place Dec. 24, 1878. She was a charter member of the English Lutheran church and the Ladies Aid society.

Surviving are four children, Mrs. Mary C. Alliance, Mrs. Hoyles of Marion and Mrs. Martin. Eight grandchildren and two great-grandchildren also survive. Mr. Trautwein died 10 years ago.

SOLDIERS CALLED AS 2 MEN DIE IN FEUD

Kentuckians Slain as Snipers Hide in Courthouse to Ambush Victims.

By The Associated Press. MANCHESTER, Ky., Sept. 13.—National Guard troops were on duty here today following the killing of two men and the wounding of another yesterday in the outbreak of a feud that started during the Civil war.

The dead were Commonwealth Attorney Frank H. Baker, 39, of London, Ky., and John Brockman, about 35 years old. Frank Young, 40, was shot.

Rifle shots fired by men barricaded in the Clay county courthouse killed Baker as he stepped from the home of his uncle, Wiley Baker, 42. As Brockman went to Baker's aid, he too was shot down and killed instantly.

During the next few hours, the two bodies laid in the street while the snipers in the courthouse snatched at the Wiley Baker home. One bullet pierced Wiley Baker's arm but did not wound him. Another whizzed over the head of the dead official's mother as she went to a door. The fire of the snipers was not returned.

As suddenly as they had started shooting, the men in the courthouse slipped away and escaped. Troops sent by Gov. Ruby Laffoon searched the courthouse but could find no trace of the assassins.

The shooting climaxed a series of killings which Clay county authorities have attributed to ill-feeling between two clans.

ENGLAND OPPOSES GERMAN ARMS PLAN

Great Britain Takes Stand Similar to France's on Armament Question.

By The Associated Press. LONDON, Sept. 13.—The government of Great Britain today took a position very near that of France in opposition to Germany's demand of demanding equality in armaments.

In an official memorandum issued from the foreign office the government insisted the German problem must be solved by negotiation and declared Germany's demand to quit the disarmament conference was "unfortunate" at a time when attention and energy should be directed to economic rehabilitation of the world.

"Granted that this question of equal status would have arisen before the disarmament conference concluded its work, there is a grave disadvantage in forcing it to the front at this stage," the note said.

(The note created a favorable impression in official circles at Washington).

ROOSEVELT TO TALK ON PUBLIC UTILITIES

Democratic Nominee Moves Toward Portland for Third Speech Wednesday.

By The Associated Press. ABOARD ROOSEVELT SPECIAL, ENROUTE TO BUTTE, MONT., Sept. 13.—Sweeping northward through the mountains of Idaho, the home state of Republican Senator William E. Borah, Gov. Franklin D. Roosevelt today brought his presidential candidacy into Montana with a three-hour stop at Butte.

At 6 p. m. (Mont. time), the Roosevelt special was scheduled to resume its journey into the Pacific northwest with a halt at Seattle, Wash., Tuesday morning.

Entering upon the second week of his three-weeks swing through 21 states, the Democratic nominee last night made platform appearances at Ogden, Brigham and Cache Junction, Utah, and McAnnon, Pocatello and Idaho Falls, Idaho.

Crowds ranging from a few hundred to a cheering throng of 5,000 to 6,000 at Pocatello, gathered at the stations to meet Mr. Roosevelt.

The third of Mr. Roosevelt's four major speeches on the trip will be at Portland auditorium on Wednesday night. Public utilities, a subject that has occupied much of Mr. Roosevelt's attention as the New York governor, will be discussed at the Oregon city.

FUTURE BRIGHTER AS COAL STRIKE ENDS

Miners Ratify Peace Plan, Paving Way for Business Revival.

By The Associated Press. MURRAY CITY, O., Sept. 13.—The world looked brighter in southern Ohio's bituminous coal fields today.

A miners' strike which had kept some 7,000 men idle for seven months was at an end and the workers joined merchants and the coal operators in looking forward to a revival of business expected to follow reopening of the pits, probably this week.

The strike, marked by the epidemic disorders that accompanied the use of National Guardsmen, was settled when representatives of the miners, meeting here yesterday, ratified an agreement previously reached between district union leader and the operators.

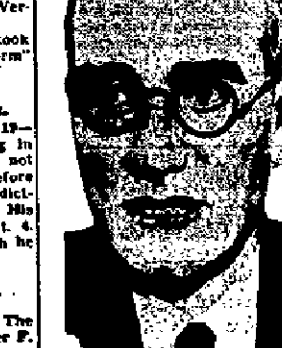

The vote for ratification was 72 to 34.

Governor George White's 10-point peace plan brought about the agreement. As required by the plan, with slight changes, the plan calls for a wage scale of 38 cents a day for machine miners and \$2.25 a day for laborers. The agreement, which stipulates there shall be no discrimination against union workers, will be operative until May 17, next.

Meanwhile, it was decided the miners will conduct a campaign for full recognition of the United Mine Workers of America, which fostered the strike.

Governor White expressed the belief that reopening of the mines would have far-reaching effects on business conditions in Ohio. Revival of business in the coal fields through distribution of the miners' payrolls, the governor said, would be a "decided step toward the return of prosperity" in the entire state.

G. O. P. SETS STAGE FOR MILITANT DRIVE

Vigorous Speaking Campaign Outlined; Hoover's Part in Program Not Revealed.

By The Associated Press. WASHINGTON, Sept. 13.—A campaign key to the "stronger 41-fort," which President Hoover said today was under way, was set today by the Republican party chieftains.

It was formulated at a White House conference last night, and will be built about "the most vigorous speaking campaign," between now and November's balloting and will be concentrated on policies outlined in the President's acceptance speech.

In Long Conference. This much was disclosed by Chairman Sanders of the Republican national committee, who, with Secretaries Mills and Hurley, more than three hours Sunday night.

But no statement was made by either of the three regarding what part Mr. Hoover personally will play in the new campaign plan. Sanders said only that he expected the chief executive "to adhere to

the original plan" and deliver three addresses.

The Republican chairman said it still was undecided what cities Mr. Hoover will visit, and when asked specifically whether the President would travel as far as the west coast, replied:

"I don't know. There has been no plans formed so far for him to go to the west coast."

Sanders made this statement as he and Mills stood on the White House steps just before midnight. Mills and Hurley have conferred with the President repeatedly during the last two days.

See O. O. P. Gains. After first declining "to discuss what I talked over with the President," Sanders made this statement to newspapermen:

"There has been a steady sweep favorable to the Republican cause, beginning with the President's acceptance speech. A vigorous campaign now is under way to bring forcibly to the people of the country the doctrines which he enunciated in that speech.

"When that educational campaign is effectively accomplished, there will be no doubt as to Mr. Hoover's reelection."

Prices of Farm Products Gain During August

By The Associated Press. WASHINGTON, Sept. 13.—Farm products led the labor department's index of wholesale commodity prices in a "marked increase" from July to August.

In making this announcement, the department gave the weighted index of the 784 commodities included in the study as 102 for August, compared with 94.5 for July. Average 1925 prices are taken as 100.

"Between July and August, price increases took place in 213 instances, decreases in 135 instances, while in 436 instances no change occurred," the department said.

"When compared with August 1931, a decrease of 5 1/2 per cent has been recorded in the 12 months."

"The farm products group made the greatest gains, advancing 2 1/2 per cent in the month period. Increases were recorded in the average prices of barley, corn, rye, wheat, calves, poultry, cotton, eggs, hay and peanuts.

"Decreases in the average prices of oats, cows, hogs, fresh apples, lemons, oranges, leaf tobacco, and onions were shown for August."

Among food prices, the department reported increases for butter, cheese, rye and wheat flour, fresh and cured beef, cured pork, veal, coffee, lamb, raw and granulated sugar and most canned vegetables.

These increases brought the August average for the food group 1 1/2 per cent above July.

CANTON CHOSEN FOR NEXT M. E. MEETING

Wooster Conference Nears Close After Dry Leader Discusses Prohibition.

By The Associated Press. WOOSTER, O., Sept. 13.—The 1935 meeting of the northeast Ohio conference of the Methodist Episcopal church will be held in the First church at Canton, the conference decided today.

The date was left for selection later.

The conference entered its closing business sessions today, after hearing Dr. Clarence True Wilson last night declare he was not dependent over the future of prohibition although puzzled as to how a prohibitionist should vote in the presidential election.

Discussing the relationship between the election and battle over prohibition, Dr. Wilson told the conference this was "the first time I have stood before a temperance audience and could not tell them what to do."

Dr. Wilson, secretary of the Methodist board of temperance, prohibition and public morals, then added, "I do know, however, that we drys will not vote wet."

Saying prohibitionists often are asked if they still have any hope for the dry laws to endure, the churchman answered the question by expressing the opinion that "no question is going to take orders from either of the political conventions."

He said, "If Roosevelt and Garner are elected, I do not believe they will be able to carry half their party for repeal, to save their lives. If Hoover is elected with Vice President Curtis, an outspoken dry presiding over the senate, I can see how prohibition can be saved."
